Cornerstone Friends

Dear Epiphany Parishioner,

As an over 20-year member of the Parish of the Epiphany, I joined the Epiphany Cornerstone Friends in 2023 to help ensure the long-term growth and survival of the church. I make an annual pledge and know it covers the operational aspects of the church, including staff, maintenance, and care of the property. That is important. Planned gifts, however, help fund Epiphany's endowment, providing an additional measure of financial stability for Epiphany if acute needs arise. They provide crucial support for the church's future.

The Cornerstone Friends is members of the Epiphany community who have made some form of planned gift to this parish after they are deceased. I have included Epiphany in my will and other bequest documents. In so doing, I hope to promote the parish's impact over the generations to come. Epiphany has impacted both my life and the community deeply over the years, and I hope this form of support will help enable it to play these roles for parishioners and our community in the future.

Please consider filling out our Legacy Intention Form and give a copy to Nick Myers or Heather Keith-Lucas for the church's records. It will help you frame your intent and help you know what information we need from you. Please contact me if you have any questions about planned giving. I will be happy to help you directly or put you in contact with persons who can answer your questions and facilitate your joining the Cornerstone Friends if you so desire. My email is fmcfarlan@hbs.edu. I look forward to hearing from you.

Faithfully,
F. Warren McFarlan
Co-Chair, Bequests & Planned Giving Committee
